PROJECT DESCRIPTION

Align Houston Valley Road with Old Lafayette Road @ their crossing with SR 201. Should be a GDOT sponsored project. Signal shown in estimate would require warrant study. County share shown as 20% of construction only.

COMMENTS

Old Lafayette Rd is a major connector (cuts off 0.4 mile) from SR 201 to US 41 with a large number of traffic coming out of Houston Valley Rd on to SR 201 for a short distance then back on to Old Lafayette Rd. Consideration should be given to the potential of this improvement encouraging even more traffic to use this residential street.
