PROJECT DESCRIPTION

Resurfacing various Roads and Streets throughout County and City. 15 miles/year would be in addition to the normal resurfacing program contingent upon need and available GDOT funding. The County has +-715 miles and the City has +-155miles of paved roads/streets. Estimate reflects all resurfacing (approx. 30 miles/yr w/an additional \$400k from GDOT in addition to LARP/LAU \$.

COMMENTS

To maintain a 10 year resurfacing cycle, Whitfield County will need to resurface approximately 71 miles/year and the City of Dalton will need to resurface approximately 15 miles/year. The expense in the City will be higher due to the need for milling the streets that have curb and gutter.
