PROJECT DESCRIPTION
Bridge replacement.

COMMENTS
<p>Original arch type bridge has been added onto with a low load carry capacity structure. County has a GDOT State Aid contract, PR000-S006-00(008) for \$15,000 to assist in replacing the deck of this structure. Due to the amount of traffic, this upgrade may be sufficient. The cost to the County would be substantially higher than \$15k. County will need to notify GDOT to reactivate this project. However, the replacement of the entire structure would be a 50 year cure.</p> <p style="text-align: right;">Structure ID#313-5044-0 Location ID#313-00336x-005.80N</p>
