PRIORITY # 7	CO DISTRICT		CITY WARD Ci	MONTHS EST. CONST TIME
Approx. Project Length 0.5 mile(s)	PROJ CATEGORY Intersection of County Roads			EST. COMPLETION January-00
SPLOST \$ NEEDED	EST. OTHER FUNDING	ESTIMATED TOTAL COST		
\$5,982,024.05	\$0.00	\$5,982,024.05		

PROJECT DESCRIPTION

Widen South side of bridge to allow for left turn lane to North bound Glenwood Dr. Provide alternative access under bridge and improve radius unto bridge. Widen East side of Glenwood Dr to create a left turn lane onto MLK Jr/Waugh St. Also widen MLK Jr on South side to allow for left turn lane onto South bound Glenwood Dr.

COMMENTS

The project has many challenges. The bridge widening would eliminate egress from under the bridge and would be very close to an existing building in the SW quadrant. Access to businesses in the NW quadrant will be affected as well as parking. Two businesses in the SE quad and three in the NE quad would be adversely affected. The gain from the project would be left turn lanes (no accel/decel lanes). (This bridge is not pedestrian friendly and may need to be addressed in conjunction with the bridge widening)
