Whitfield County, Georgia

Finance Director's Office

The Honorable Chairman and Members of the Board of Commissioners:

In accordance with state and local ordinances, I am pleased to present the 2009 Approved Annual Budget. The 2009 Annual Budget maintains the long-term goals of the County while recognizing the immediate demands on County services and the current economic downturn's impact on revenue projections.

In FY 2008, the County undertook and completed several studies (Comprehensive Plan Update, Parks and Recreation Master Plan, Beneficial Reuse of the Westside Landfill, and the Preservation & Upgrade of Administration Buildings 1 & 2) for the purpose of collecting data to address the County's long and short term goals. These plans have been considered when adopting the 2009 budget.

In FY 2008, the County:

- Edward's Park: The County completed an upgrade adding walking trails, playground equipment, a picnic area, and new sports equipment.
- Westside Park: The County broke ground on the Westside Park complex. The County will begin construction in 2009 phased over 2 years.
- Information Technology (IT): The IT Department has continued phase II of the computer and software upgrade program. They have also installed a wireless network in the Courthouse and Administration buildings.
- Road Resurfacing/Transportation: The County completed the first year of a 3 year Special Purpose Local Option Sales Tax (SPLOST) to address transportation needs in Dalton & Whitfield County. Much of the design work has been completed and a number of projects are already in the construction phase. In addition, the Public Works Department continued its 10 year cycle to maintain road resurfacing.

FY 2009 Approved Budget Overview/Highlights

As mandated by State Law, the 2009 Approved Annual Budget represents a balanced budget for the general fund, special revenue funds, enterprise funds, and the debt service fund. Total appropriations from each fund do not exceed estimated fund balances, reserves, and revenues for each of the County's respective funds.

Millage Rate:

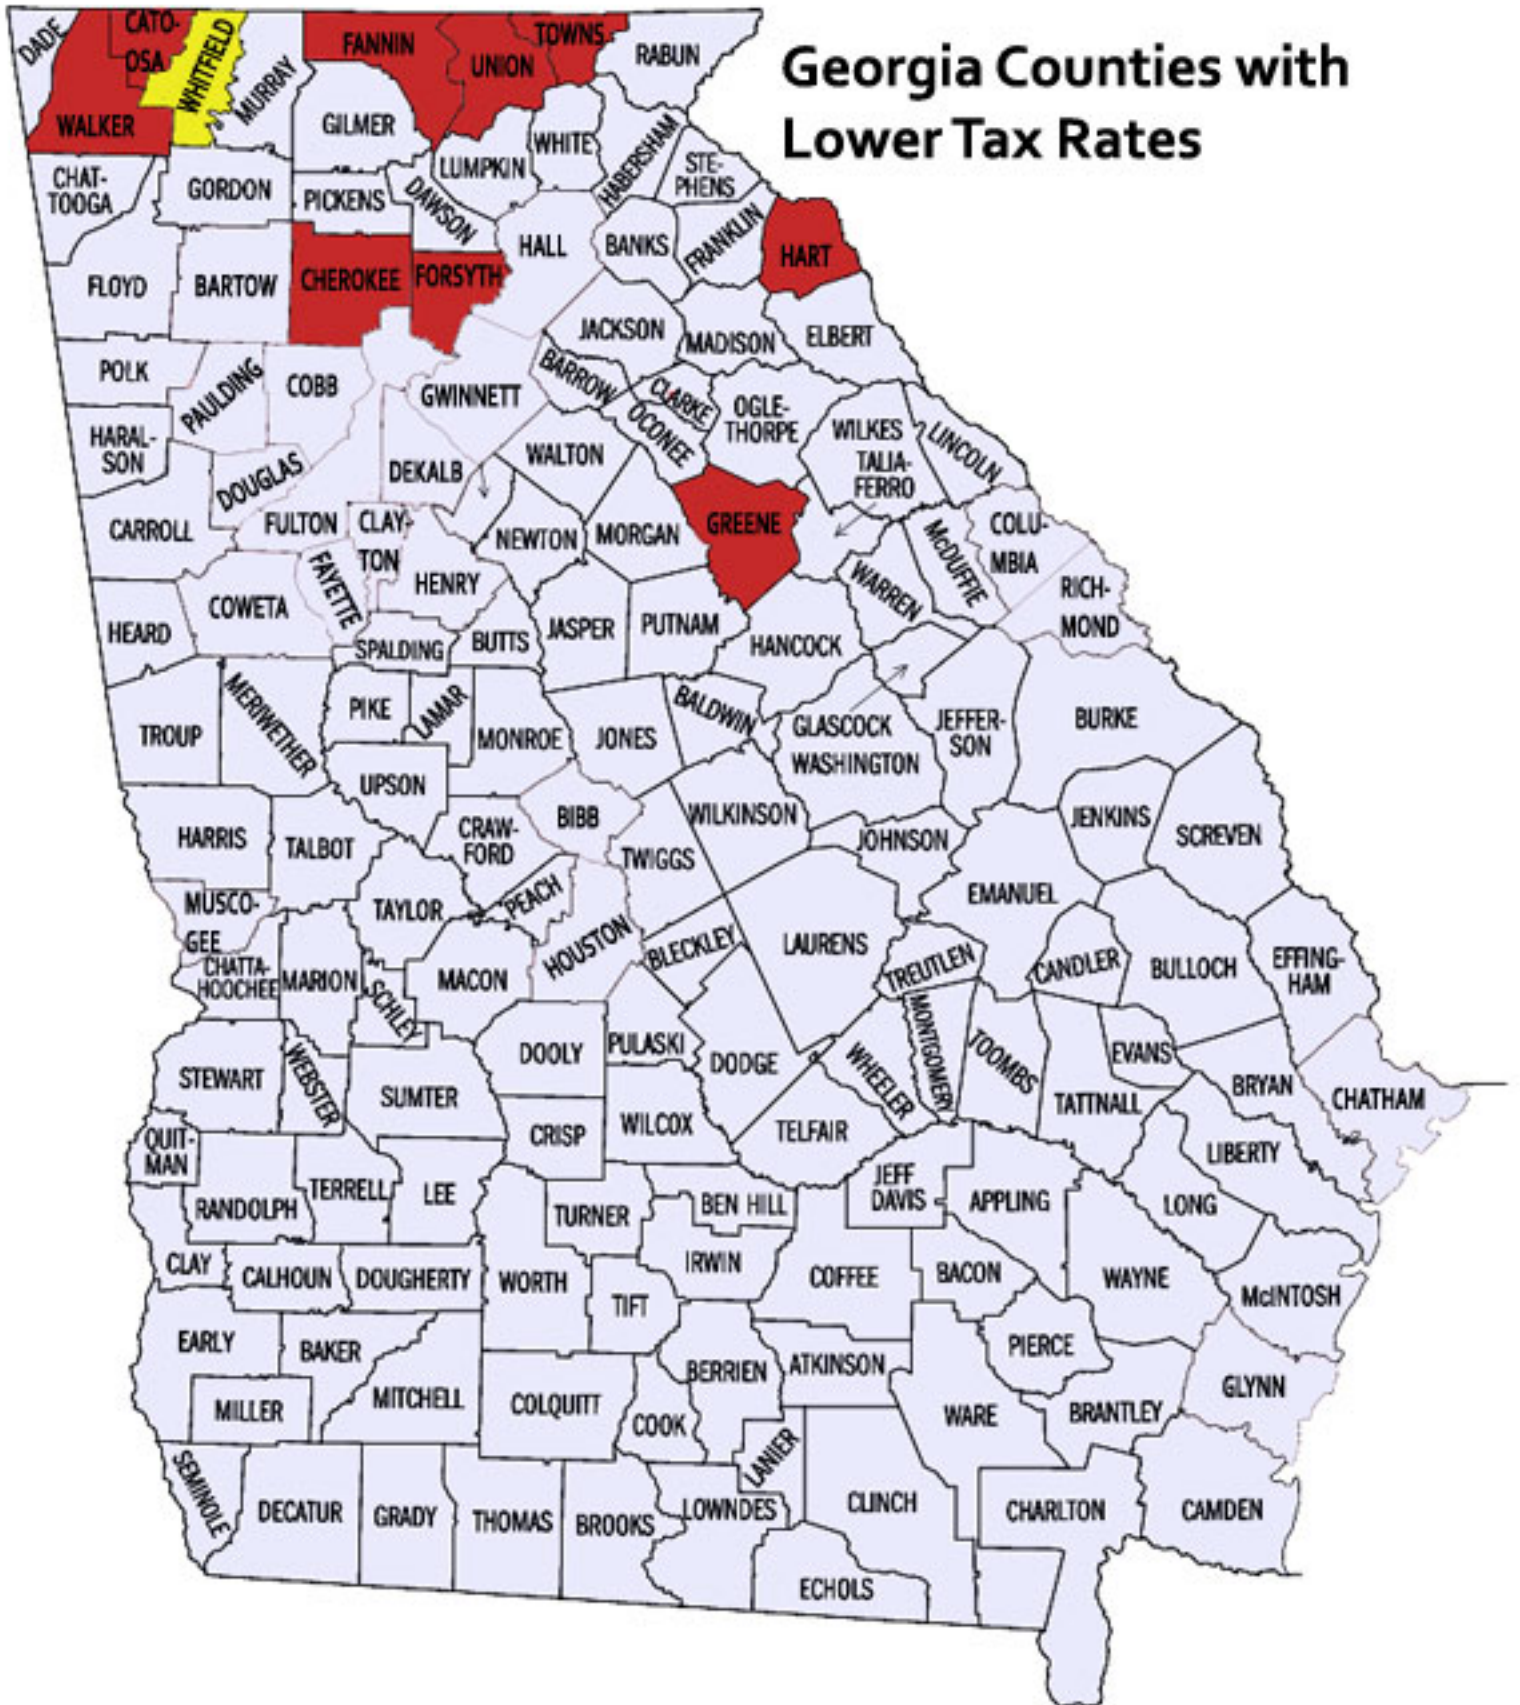

- The millage rate was decreased by .181 mills from 5.242 to 5.061.
- In order to avoid back door increases because of increasing property values, the State Taxpayer Bill of Rights required the calculation of a rollback rate that would generate the same amount of property tax collections as the previous year. If the actual millage rate exceeds this rate, an announcement of a property tax increase and three public hearings must be held to inform the public of the reasons for the increase. The above rate conforms to these rules.
- With rollbacks, the County's millage rate has dropped 22% since 2001.
- Each mill equates to \$3.2 million in property tax revenue on the current digest of 3,217,510,131.
- **Before the rollback, the County's millage rate was the 10th lowest in the State as of 2007 but yet ranks 23rd from the highest in County economic ranking according to the State Department of Revenue.** See the attached maps for more detail.

Property Tax

Property tax collections are expected to fall in 2009 by about 5% because of the economic impact on property values or by about \$750,000. As the Board of Commissioners will make the decision on setting the millage rate for 2009 late in the year, no adjustment is included in the budget at this time. As mandated by state law, the millage rate is assessed on only 40% of the property valuation. A separate chart is attached to show how a dollar of property tax revenue is allocated between the various state and local governments.

Georgia Counties with Lower Tax Rates

2007 AD VALOREM MILLAGE RATES FOR GEORGIA COUNTIES

Compared to Whitfield County:

Only 9 out of 159 total counties had lower millage rates:

1	Forsyth	3.834
2	Towns	4.187
3	Hart	4.268
4	Cherokee	4.400
5	Walker	4.436
6	Greene	5.031
7	Union	5.050
8	Catoosa	5.128
9	Fannin	5.160
10	Whitfield	5.242

(In 2008, Whitfield County rates were rolled back to 5.061 mills.)

The Georgia state average in 2007 was 10.602 mills.

The highest county rate in Georgia was Hancock County at 20.980 mills.

Georgia Counties with Higher Economic Rating

Sales Tax

The Local Option Sales Tax (LOST) is a retail sales and use tax of 1%. The sales and use tax rate in Whitfield County is currently 7% and is distributed as follows: 4% State, 1% Local Option Sales Tax, 1% Special Purpose Local Option Sales Tax, and a 1% Education Local Option Sales Tax.

LOST, up to the 2009 budget, had gone slightly ahead of property taxes in Whitfield County as the most significant source of revenue. From 2003 to 2006, LOST revenue increased by over \$900,000 per year. In 2007, the County experienced a slight decrease but had already budgeted for continued growth in 2008. A natural information delay occurs because LOST collections are paid to the County by the State two months after the actual retail sales period.

Actual collections in 2008 were highly variable in comparing to 2007. The following attached chart shows the 2008 actual receipts by month (the months of Nov & Dec 2007 were received in Jan and Feb 2008 because of the two month delay). As shown, the receipts for Jan, Apr, and Jul were off sharply from 2007.

The following chart is the sales tax history. Because of the volatility in 2008, the 2009 budget was based on the most recent 12 months of history rather than a percentage increase or decrease. The result puts the 2009 budget on par with 2005 actual receipts – a significant retraction.

Key Budget Changes

Allocations

For the first time, the 2009 budget includes allocations of those departments that primarily serve other departments and not the general public. To more properly reflect the true cost of providing services by the departments that primarily provide services to the general public, the allocated costs of the internal service departments have been included.

For 2009, we have allocated the costs of three primary areas:

- (1) Buildings & Grounds – Provides cleaning and maintenance support and pays for most utilities. These costs have been allocated based on the square feet of space used by the other departments.
- (2) Information Technology – Provides land line phones, internet, web design, PC maintenance, general use software, and most of the computer equipment. These costs have been allocated based on the number of PC's in each department.
- (3) Administration, Human Resources, and Finance & Accounting – Provides payroll, banking, accounts payable, accounting, human resources, employee benefits, workers compensation, and administrative support. These costs have been allocated based on the number of employees in each department.

Department Changes

For the 2009 budget, the following departments have been added or changed:

- The Board of Commissioners budget has been split into two sections – (1) Administration and Human Resources and (2) Finance & Accounting.
- Under Judicial, the Drug Court has been moved into the general fund instead of a transfer to the Drug Court under Other Financing Uses. The Drug Court has been a Special Revenue fund because of a grant for drug counseling which ended in 2008.
- The Whitfield County Transit System will be operated by the County in 2009 instead of a 3rd party operator. Although the transit service had budgets in previous years, the County expects costs to drop because of operational efficiencies.

Conclusion

Whitfield County is committed to maintaining the current level of services in 2009. We are also committed to keeping our trained and talented work force intact. To accomplish both while reacting to the economic downturn and being fiscally conscious, our Commissioners have had to make some hard choices and defer many capital projections and personnel actions into future years. 2009 will be a challenging year for the County but we are fortunate to have no unfunded County debt and to have sufficient fund reserves to accomplish the County's mission and be able to handle the reductions in revenues.

---

Greetings~

It is my pleasure to work with the citizens, staff and elected officials to maintain and improve County services. We are very fortunate to have many strong attributes and resources on which to build our future. These same assets are not available in all counties across the country.

One of those strengths is the growing population, which provides employees for our businesses and industries. A good work force and job availability are important cornerstones of every strong community. Employers need well trained staff and that means our school districts and Dalton State College must continue expanding programs to meet the educational demands. Jobs protection is the challenge of our economic development team and local governments. We must focus on support for existing businesses and help them grow. Maintaining a strong business climate is just one of many continuing objectives.

Another cornerstone of our county programming is the protection and improvement of our environment. The goals need to go beyond maintaining the status quo. We must work on improvements in the quality of our resources. Achieving the objectives requires help from government, business and residents in equal shares. From the Conasauga River, across the agricultural lands and residential communities to the peaks of Chattahoochee National Forest, every aspect of our environment needs protection and improvement. Continuing education and reminders are needed to keep everyone informed about their roles in good stewardship. The latest County program addition is "Storm Water Management" which is one part of the federal Clean Water Act legislation. There is more to follow about the County programs.

Public safety and public health are two more essential business elements of county government. In the past Whitfield County has made significant investments to provide good service, more investment is needed now and in the future. Expect to hear a number of discussions in the coming months that involve the Sheriff, Fire Chief, E911 Director and others about the steps needed to provide cost-effective service levels.

The space here is limited; so, I will close by saying that it is a privilege to serve Whitfield County and work with the cities, towns, service organizations, community groups and individual residents to keep our area a great place to live and work.

Working to keep Whitfield County strong~~Bob

WHITFIELD COUNTY, GEORGIA

# **WHITFIELD COUNTY, GEORGIA – OVERVIEW**

## **GENERAL INFORMATION**

Whitfield County is located in the northwest region of Georgia and the population has been estimated to be 94,000+. Whitfield County covers 290 square miles and the greatest distance between boundaries is 26 miles and is known to be the economic hub for this region.

Whitfield County was formed from a portion of Murray County in 1851 Georgia's 97<sup>th</sup> county was named for the Reverend George Whitefield, the founder of the Bethesda Orphan House in Savannah. The spelling of the county's name was changed to reflect the way it was pronounced.

Our city is the gateway to the 150 miles Chieftain's Trail, which trace the path of the Cherokee Indian sites, located in the northwest Georgia area.

## **Government**

Whitfield County has operated under a Commissioner-Administrator form of government since 1971 known as the Board of Commissioners. Policy-making and legislative authority are vested in the Board of Commissioners that is composed of a Chairman elected at-large and four Commissioners elected one from each of the four districts. Each serve a four year staggered term. elected one from each of the four districts. The Board is responsible for passing ordinances, adopting yearly budgets, appointing committees, the hiring of the attorney, auditors, County Administrator in addition to other duties. The County Administrator is responsible for operation, administration and the finances of the county. Each department manager serves along side the Administrator and at the pleasure of the Board of Commissioners to administer the offices and services that are the responsibility of the county. The County Administrator is responsible for the enforcement of all policies and ordinances of the Board of Commissioners.

## **County Services**

Whitfield County provides for and manages a wide range of services that include police protection by way of our Sheriff's Department, maintenance of roads and other infrastructure, Zoning and Building Inspections/Permit services, various Court Services, Custodial Preservation of Public records and documents, Jail services, Information Technology services, 911, Fire protection, Animal Control, Parks and Recreation and more.

## **DESCRIPTION OF FUNDS**

Governmental accounting systems are organized and operated on a fund basis. A fund is a fiscal and accounting entity with a self-balancing set of accounts in which to record cash and other financial resources, along with all related liabilities and residual equities or balances. Each fund is segregated for the purpose of carrying on specific activities or attaining certain objectives as designated by Whitfield County. There are three broad categories of funds and seven fund types as promulgated by the Governmental Accounting Standards Board. A description of each fund category and type is presented for your understanding.

### **Governmental Funds**

Governmental funds account for activities with governmental operations. The modified accrual basis of accounting is used to measure the financial resources and uses of County funds. The four types of governmental funds are as follows:

**General Fund** – This fund accounts for all of the financial resources related to the general governmental services of Whitfield County, except those required to be accounted for in another fund.

**Special Revenue Funds** – These funds account for the proceeds from specific revenue sources that are legally restricted to be expended for specified purposes. These funds are usually comprised of federal, state and local governments.

**Capital Projects Funds** – These funds account for financial resources to be used for the acquisition or construction of major capital facilities other than those facilities financed by proprietary funds and trust funds.

**Debt Service Funds** – These funds account for the accumulation of resources for, and the retirement of, general long-term principal and interest. At the current time, Whitfield County does not have a Debt Service Fund.

### **Proprietary Funds**

Proprietary funds are used to account for government activities that are similar to business operations in the private sector. The accrual basis of accounting is used for proprietary funds, and the reporting focus is on determining net income, financial position, and changes in financial position. The two types of proprietary funds are as follows:

**Enterprise Funds** – These funds account for operations that are financed and operated in a manner similar to a private business. The intent of the governing body is that the costs of providing the goods and services to the general public be financed or recovered primarily through user charges. A periodic determination of revenues earned, expenses incurred, and net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The Whitfield Transit System and Northwest Georgia Trade and Convention Center are included in this category.

**Internal Service Fund** – This fund accounts for the financing of goods or services provided by one department or agency to other departments or agencies of Whitfield County on a cost reimbursement basis. The only fund in this category at the current time is the Workers' Compensation Fund.

### **Fiduciary Funds**

Fiduciary funds account for assets held by the County as a trustee or agent on behalf of another party.

**Trust and Agency Funds** – These funds account for assets held by the County as a trustee or agent for individuals, private organizations, and other governmental units. Agency funds are custodial in nature and do not involve measurement of results of operations. At the current time, Whitfield County does not have a trust fund. The County does not adopt a budget for agency funds.

## **BUDGET PROCESS**

Whitfield County adopts an annual appropriated budget pursuant to the Georgia Code. O.C.G.A. § 36-81-3. The annual budget serves as the foundation for Whitfield County's financial planning and control and requires monitoring throughout the fiscal year. Cost centers are required to keep close track of revenues and spending patterns as the current year progresses. As new ideas and programs are generated, the managers are challenged to project the plans into future year budgets.

Because spending limits are defined, the formal budgeting process is a major controlling influence on the County. The annual appropriated budget of each fund is integrated into the accounting system to ensure budgetary compliance. The use of encumbrance accounting also has been established as a control mechanism to prevent over expenditures.

Budgets for governmental funds have been prepared on the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized when they become both measurable and available as net current assets. Expenditures are recognized when the related liability is incurred. Budgets for the proprietary funds are prepared on the accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenditures are recognized when incurred.

To provide cost center managers the flexibility to manage their budgets, line-item transfers are allowed with the exception of salaries and benefits. Transfers of appropriations from salaries and benefits, or between cost centers, require the special approval of the governing board.

All cost center budgets herein are line-item budgets based on the Uniform Chart of Accounts for Local Governments in Georgia. Grant-related cost centers are budgeted based on the County's fiscal year; however, the actual grant year may be different. (State and Federal grants often have fiscal years beginning July 1 or October 1 while others run concurrent with the calendar year).

The County's fiscal year begins January 1 and closes on December 31. By State law, property taxes are due sixty days from the notice date. Interest accrues at 1% beginning the day after the due date. A 10% penalty is assessed after 90 days from the due date.

## Fiscal Year 2009 Budget Assumptions

- Economists and Congress will be successful with major initiatives to stabilize the economy
- County revenues will stabilize during FY2009
- New industry will begin. Home construction will start slow growth
- Population counts will stabilize and work force declines seen in FY08 will stabilize in FY09
  - Demands for all types of public safety, courts, and general services will continue at FY08 levels
- No inflationary factors have been added to this Budget except for the following:
  - Oil prices are currently lower than FY08. It is assumed that the FY09 costs over the year will equal FY08
  - Medical insurance premiums will increase
  - An increase in Millage Rate is needed; however, economic factors may dictate a constant rate
- The General Fund Capital Budget is presented as a separate Fund
  - The recommended source for the Capital Budget is the Fund Balance
- The threshold for Capital spending will be \$10,000

## **Fiscal Year 2009 Operations & Capital Work**

- Steps will be taken to implement the newly revised Whitfield County Comprehensive Land Use Plan to include action on new Character Areas, protection of environmentally sensitive habitats, improvements to the subdivision regulations, etc. .
- Implementation E911 County-Wide Addressing Project. Changes will improve public safety response for all governments and update all data bases with GPS positioning for structures throughout the County. Over 500 private roads will be named and addressed. On public roads, confusing names will be adjusted and out of sequence address numbers will be changed.
- First year work on the Transportation SPLOST Project was successfully completed. Engineering work will continue, property acquisition has started for new right-of-ways, utilities are being relocated, road construction contracts have been and will continue to be awarded, resurfacing and safety improvement projects will continue.
- Implement Phase 2 of the Information Technology program to include—
  - Disaster Recovery capabilities in case the backbone of the county computer system is disabled by a natural disaster.
  - Increased storage capacity for all departments.
  - Rewiring of the Data Center
- Major preservation and upgrades of Administrative Buildings #2 and #1.
- Continue construction of the Westside Park complex.

## **Additional Goals and Objectives**

- Although actions in the Capital Budget are deferred, staff will continue to evaluate and recommend properties for acquisition supporting the following—
  - 2008 Parks & Recreation Master Plan
  - Green Space Preservation
  - Historic Property Preservation
- Plan for recreational facilities based on the adopted 2008 Study for Beneficial Reuse of the Westside Landfill Property.
- Support the Joint Development Authority in creating a commerce park to accommodate business diversity and infrastructure for Tier II and III supplies of the Volkswagen plant.
- Working jointly with the City of Dalton, the Trade & Convention Center (TCC) Board and the TCC management company (Global Spectrum) on the preservation and upgrading of this valuable community resource.
- Using a traditional business plan for cost recovery, opportunities to provide new sewer service will be evaluated.

## **Financial Initiatives for FY2009**

- New procedure—In order to determine the true cost of operating departments the expenses of Accounting, Human Resources, cleaning & maintenance, utilities, Information Technology and related support services have been added to budgets.
- Continue to review rate structure in fee-based departments such as Building Permits.
- Evaluate investment policies.
- Energy and resource conservation—continue to implement cost savings measures.
- The grant funded Bus Transportation Program management, scheduling and maintenance have been brought in house to improve efficiencies.
- Develop better software solutions for Personnel tracking and evaluation.
- A few cost-controlling adjustments are being applied to the medical insurance program at the beginning of the year. A complete evaluation of the insurance options will be conducted for FY10.

## **Fiscal Year 2009 Budget Background and Strategy Phase I**

The FY09 Budget draft has been reworked to address shortfalls in sales tax revenues. The tax transfers coming from the State have been erratic. Twelve month projections are difficult to calculate.

For FY08 it is estimated that revenues will be \$3M below budgeted forecasts. Operating expenses are estimated to be approximately \$750k below budget. Several FY08 Capital Projects have not started and will be deferred. The overall FY09 Operational & Capital Expenditures Plans will be \$2.75M below the FY08 Budget.

The FY09 Strategy is based on the following points:

- The Fund Balance is strong and can support more than one year of lower revenues
- The FY09 General Fund Budget approach is to trim spending where possible and defer most capital projects.
- **Keep the trained and capable work force intact.**
- Liquor by the drink revenues are not budgeted and assumed to start slowly in FY09.

Before making major cuts in operational spending it is important to watch the economy and revenues from sales tax for a longer period. Further adjustments can be made on a quarterly basis if the revenues trend downward.

## **FY09 Operating Budget Actions**

1. In departments with more than ten employees (not counting elected officials), freeze hiring, reduce force through attrition, evaluate impact quarterly. Smaller departments will lose significant functionality by loss of staff and will be exempt at this time.

Listed are departments with larger staffing levels.

Tax Commissioner—24

Tax Assessor--27

Buildings & Grounds—18

Clerk of the Superior Court--15

Juvenile Court—16

Fire Dept. full time fire fighters--62

Sheriff Corrections--86

Law Enforcement--110

911 Dispatch full time--27

Public Works--remove funds from four unfilled positions savings \$167K, &  
--reduce staff by 5 employees through attrition (\$202k)

If 75% of this goal is achieved, reductions will save \$690K ± going into FY2010, a goal of 100% equals @ \$900K.

2. Where possible, the expenditure lines have been trimmed to the FY2007 levels.
3. Fuel costs reduced to FY08 Budget levels, assumes current fuel costs will increase from November 2008 levels to early 2008 pricing.
4. All requests for additional personnel are deferred action.
5. No Step nor COLA increase is budgeted (impact annualized is \$900K)
6. No funding for promotions, any positions required will be by voluntary appointments without pay increases, actions to be reviewed quarterly.
7. Competitively bid Paramedic-Ambulance Service contract, estimated saving second half FY09 @ \$150k and FY10 savings max exceed \$700k.
8. Evaluate employee medical insurance program for changes in FY2010.

Steps 2 to 8 could lower Operational costs @ \$1M for FY2010. Steps 1 to 8 could lower costs by \$2M.

## **Deferred Capital Projects**

The Capital Projects listed below were scheduled to start or to be continued in FY09 and are deferred. The estimate cost reduction is \$7.6M.

1. Restroom facility (already bid) \$85,000
2. B&G Relocation net after sale of current buildings \$100k
3. Admin 1 & 2 essential repairs, maintenance & renovation, five-year total \$1.4M, FY09 estimate \$498k, defer all but \$100k in FY09
4. Remodeling of old section of Courthouse deferred, Assessment Office may be moved, estimates still being prepared
5. Emergency Communications Antenna system evaluation (\$20,000)
6. VHF 700-800 MHZ consultant evaluation (\$100,000)
7. Fire Station #11 (\$2M)
8. Expansion of Emergency Center (\$600k)
9. Fire Truck Replacement (\$219k)
10. Green Space, Historic Preservation property acquisition (\$500k)
11. Trail Head Improvements (\$50k)
12. Information Technology improvements (\$630)
13. Westside Park now a two-year project, (FY09-\$600k, defer \$600k to FY10)
14. Development of Landfill Park plan deferred (first year \$300k)
15. Park land acquisition (\$550k)
16. Community-Neighborhood park improvements
17. General road projects reduced (\$1M +)
18. Vehicle & Motorize equipment replacement reduced (savings \$500k)

## **Budget Strategy Phase II**

If the revenues decline beyond the forecasts in the Recommended FY09 Budget, then additional actions will be required. Capital Projects have already been deferred except for work underway and critical infrastructure work.

The major operational cost is staffing, the County's most valuable asset. Whitfield County has many educated, qualified, certified and experienced personnel that are essential to the efficient delivery of county services. Again, the Phase II Strategy recommendation recognizes and protects the personnel resource and implements a **Furloughing Step** to save operational dollars and retain staff.

Because of State statutes that restricted the County from reducing departmental budgets after the formal approval process, a precautionary step is being taken with this recommendation. This recommended Budget lowers salary costs on the worst case scenario that revenues will be below the forecast level in the Revenue Summary.

As mentioned above, the revenues and expenditures will be closely monitored throughout the year. Toward the end of the 1<sup>st</sup> Quarter, a determination will be made on Furloughs. If needed, the program can be implemented in April. All employees will be furloughed one day per month. The furloughs can be implemented in a staggered process so that office hours and essential functions will not be interrupted.

If the Furloughs are warranted and then revenues improve the Furlough program can be suspended. If the Phase II program isn't needed, then the Budget Expenditures will be amended.

**If implemented the nine-month savings will be \$700,000.**

**If revenue projections remain constant, then consideration should be given to reinstating funds to pay employee longevity increments and the buyback of vacation (PTO) credits in the November-December time frame (estimated cost \$600K).**

## **INDIRECT COST CENTER ALLOCATION**

Indirect costs are allocated to the direct cost centers in the following manner:

1. Information Technology - The Information Technology services are responsible for providing and maintaining the County's network computer system and aid in software selection and training. This department works from a budget all its own. The IT allocations are based on the number of PC's in each department.
2. Board of Commissioners – (a) General Administration and Human Resources (HR) and (b) Finance and Accounting:
  - (a) General Administration/Personnel - General Administration of the Whitfield County Board of Commissioners offices consists of the office of the County Administrator, Executive Assistant and the Clerk of Commissioners. The Personnel-HR division is responsible for recruitment, testing, interview assistance and on with assisting in the selection of County employees on an as needed basis. Personnel records are managed and employee benefits are coordinated for all County employees. # SUPERIOR COURT

## Mission

Article III, Section 2 of the United States Constitution creates the mission for the Superior Courts in that it establishes the power of the Judicial Branch of Government. Furthermore, the Fifth, Sixth, and Seventh Amendments to this same Constitution describe in more detail how the courts are to function in order to protect the rights of our citizens and establish the mission of the court system.

### Amendment 5 - Trial and Punishment, Compensation for Takings

No person shall be held to answer for a capital, or otherwise infamous crime, unless on a presentment or indictment of a Grand Jury, except in cases arising in the land or naval forces, or in the Militia, when in actual service in time of War or public danger; nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use, without just compensation.

### Amendment 6 - Right to Speedy Trial, Confrontation of Witnesses

In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the State and district wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the Assistance of Counsel for his defense.

### Amendment 7 - Trial by Jury in Civil Cases

In Suits at common law, where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and no fact tried by a jury, shall be otherwise re-examined in any Court of the United States, than according to the rules of the common law.

## Goals

- To provide a safe and efficient experience to the citizens
- To enhance the process of the court as much as practical in order to expedite cases

# PROBATE COURT

## Mission

The Probate Court is designed to provide a wide variety of services for the general public. There are a certain number of services which are under the jurisdiction of this Court that are rarely requested. Our major functions fall under two categories. The "Probate" Department has the responsibility of assisting in matters regarding estates, guardianships, involuntary mental health evaluations, which may or may not require hearings. The "Traffic" Department is responsible for the intake of county traffic citations which again, may or may not require a hearing. The issuance of firearms' permits, fireworks permits and marriage licenses' are also obtained through this department. Revenue received from fees collected is disbursed to various State programs and the Board of Commissioners office.

## Goals

- To conduct monthly staff meetings for the purpose of gaining insight and perspective from each employee in order to provide a more efficient operation
- To cross-train for the purpose of having support on each employee's duties
- To complete program for access to records through imaging
- To provide firearms permits expeditiously through the use of our newly acquired program, "LiveScan"
- To maintain an office of integrity, competence and accessibility through a courteous manner and concern for the needs of the general public

# **FIRE DEPARTMENT**

## **Mission**

The Fire Department's mission is to serve our citizens with a combination of modern fire suppression, fire prevention and public safety education methods to reduce the loss of lives and property.

## **Goals**

- Continue to make improvements & additions to Training Center. Examples; Bathroom facilities, LP Gas fire simulators, area for extrication training, etc.
- Add a minimum of 20 additional full-time personnel, to allow a minimum of 2 personnel at each station 24/7
- Continued replacement of older vehicles and equipment on a regular basis
- Addition of 3 Fire Station, one being a Fire Headquarters, one to cover the northwest section of county, one for the area between Eastside, Valley Point, and Carbondale. These additional stations would be a step toward improving our ISO rating, based on their latest report
- Maintain a modern and effective training program through up-to-date training manuals, training software & hardware, etc.
- Maintain a good working relationship with all departments within the county in order to provide the best service possible
- Continue to provide opportunities to our employees to advance their education in the area of Fire Science

# ANIMAL CONTROL

## Mission

The Whitfield County Animal Shelter's objective is to provide citizens a solution to unwanted and stray animals. While performing this task it is our goal to provide a controlled answer to an uncertain future that faces both animals and those persons finding their selves having to utilize our facilities.

## Goals

- To have all that was needed to begin an education program of proper pet ownership, care, who should and who should not be a pet owner and the grave importance of spay/neuter. Education we believe is the only weapon we will ever have against the ever increasing number of unwanted animals that pass through our doors.

## **EMERGENCY SERVICES**

### **Mission**

Whitfield County 911 and the Emergency Management center strive to provide the most effective emergency communications possible for the citizens and visitors of Whitfield County. To reach this goal, we must establish and adhere to professional standards; attract, train, and retain the qualified employees necessary to provide this service.

Emergency Services has two sub-departments: Emergency Management Administration (EMA) and the 911 Center.

Note: The EMA budget is in the general fund but the 911 Center is in a special revenue fund to account for 911 fees with additional funding from the general fund through Other Financing Uses: Transfer to E-911 Fund. The EMA fund only has the Deputy EMA Director - the EMA Director and 911 personal are in the 911 budget.

### **Goals**

- Develop and maintain Local Emergency Management programs and plans required by state and federal government
- Maintain the Emergency Operations Center (EOC)
- Provide 24-hour coordination of resources to emergencies and disasters
- Provide 24-hour coordination to multiple agencies responses
- Provide liaison with local, state, and federal authorities before, during, and after major emergencies and disasters
- Coordinate and conduct emergency management training programs
- Coordinate a minimum of one (1) training exercise annually, involving all partner agencies within the Local Emergency Operations Plan
- To prepare and promote the community's ability to prepare for and to take mitigation measures against an emergency/disaster

# **PARKS AND RECREATION DEPARTMENT**

## **Mission**

The Whitfield County Parks and Recreation Department is committed to provide organizational, professional, developmental, and maintenance assistance to the sponsoring community volunteer agencies of the elementary school districts.

This commitment includes the purpose of providing organized recreational activities for the youth of Whitfield County to aid in the physical development through fun and exercise, teach the basic fundamental skills of each individual sport offered, aid in the social development through good sportsmanship and moral character with adult guidance and to teach good attitudes and discipline. The organizational commitment includes arranging meetings with the community athletic associations to insure the rules are fair and apply to all teams, to provide an Executive Committee of volunteers to govern all youth leagues participating and to insure that all participants can register in their local community.

The Parks and Recreation Department staff is dedicated to train and develop good skills in the adult coaches through clinics and classroom study.

The Parks and Recreation Department is responsible to develop and maintain recreational facilities at each community park in cooperation with the Whitfield County Board of Education and the local community volunteer athletic associations.

## **Goals**

- To have enough staff to thoroughly maintain all 38 baseball/softball fields and the existing parks, that are used by the youth associations in Whitfield County. Personnel must be considered for the future park growth at Westside and Edwards Park
- To construct a community park for the residents in the West Side community
- Refurbish existing Park facilities to a high standard
- Organize a county wide soccer program

# **BUILDING, ZONING, AND DEVELOPMENT (BZD)**

## **Mission**

The BZD Department is responsible for the administration and enforcement of the Whitfield County codes for Building, Zoning, Subdivision, Site Design, Flood Damage, and Soil Erosion/Sedimentation Control. The Department works to ensure the quality of life for the citizens of Whitfield County through the enforcement of all County community development codes in order to protect public health, safety, and welfare.

In conjunction with the Natural Resource Conservation Service, the BZD Department supplies the personnel necessary to perform review of all erosion and sedimentation control plans for the unincorporated area of Whitfield County, Tunnel Hill, and Varnell. Additionally, the soil conservationist provides technical support to property owners and contractors, and offers public education outreach programs related to soil erosion & sedimentation control.

## **Goals**

- To maintain a highly qualified nationally certified professional staff through continual training and testing as necessary to attain proficiency in applications of adopted building codes, technological advances in construction standards and trades, and related fields of service. Our goal for fiscal year 2009 is to encourage and guide all building inspectors to continue in their pursuit of additional national certifications
- To promptly process pending zoning and erosion/sedimentation control enforcement actions through effective processing of violations and initiation of measures aimed at restoring properties to compliant condition
- To provide quality customer service through prompt, courteous, knowledgeable responses to citizen inquiries, and efficient processing of applications for permits and plan reviews
- To provide on-line information services to applicants and citizens of Whitfield County by providing daily inspection results/comments for each site visited
- To provide optional on-line request for building construction inspections
- To work in conjunction with E-911 and GIS in order to maintain a well-functioning addressing system countywide

## **SUPERIOR COURT Alternative Dispute Resolution Program**

### **Mission**

The Alternative Dispute Resolution or "ADR" Program provides a means for civil and domestic cases to be settled which can many times be faster and less costly than the use of traditional court proceedings such as hearings and trials. The most common form of ADR used in this program is "Mediation", in which a neutral third party called a mediator meets confidentially with the parties, and sometimes their attorneys to help them find common grounds of understanding which may lead to an acceptable solution to their dispute. When mediation is successful, since the parties have participated in the settlement of their case they will usually be more satisfied with the outcome and therefore less likely to need future court services. However, if an agreement cannot be reached through mediation the case will continue on through the normal court process. Cases are referred to the ADR Program by the judge assigned to the case and any party or their attorney may request that the judge make a referral. In most cases ADR Program services are free of charge to the parties. (Local Court ADR Rules)

## **SUPERIOR COURT Divorcing Parents Seminar**

### **Mission**

The Divorcing Parents Seminar is a four-hour educational program designed to assist parents by offering time-proven information on ways they may effectively help their children cope with divorce or other family discord. The parties in all domestic cases involving minor children must attend the seminar before their cases can be finalized. The seminar is offered each month in Murray and Whitfield counties at a session on a Thursday morning in Dalton; a session on a Saturday morning in Chatsworth; and two, two-hour evening sessions in Dalton. Pre-registration at the Superior Court Clerk's Office in either Murray or Whitfield County is required before the seminar can be attended. Registration by telephone or at a seminar session is not allowed. There is a \$30 per person fee charged to offset the expenses of the program. However, anyone who cannot afford to pay the fee may file a written application for fee waiver in the Court Administrator's office 8:30 a.m. to 4:30 p.m., Monday through Friday. The office is located on the second floor of the Whitfield County Courthouse.

## **DEBT SERVICE FUND**

The Debt Service Fund is used to account for the accumulation of resources for the payment of general obligation long-term debt principal and interest.

Whitfield County's debt is from the 2001 issue in the original amount of \$53,760,000 at 3.2% - 5.0% used to finance the construction of capital projects. In 2007, excess funds from the 2000 SPLOST were invested to provide for 100% of the remaining debt obligations.

## **ENTERPRISE & INTERNAL SERVICE FUNDS**

Enterprise funds are used to account for operations that are financed and operated in a manner similar to a private business enterprise – where the intent of the County is (a) that the costs of providing the goods or services to the general public on a continuous basis be financed or recovered primarily through user charges; or (b) where the County has decided that periodic determination of net income is appropriate for accountability purposes. The County maintains the following enterprise funds:

**Whitfield County Transit Service** – To account for the operations of the County's rural transit service operated under Section 18 of the Federal Transit Act of 1964. This program provides the public with non-medical bus service, both ambulatory & wheel chair, for all residents of Whitfield County. The County will take over the operation of the transit service on Jan. 1, 2009.

**NorthWest Georgia Trade & Convention Center** – The County shares with the City of Dalton in maintaining a regional trade and convention center. The trade center has 2 exhibit halls, 9 meeting rooms, a 230 seat lecture hall and an executive board room. It can handle 15 person meetings up to a 1500 person convention.

Internal Service Funds are used to account for the financing of goods and services provided by one department or agency to other departments of the County on a cost reimbursement basis. The County maintains the following internal service fund:

**Workers Compensation** – To account for the County's workman's compensation expenses. The County's workers compensation costs are paid on a fully funded basis. In other words, the County pays for all actual claims and expenses of the program.

# RURAL TRANSIT

## Mission

The mission of the Rural Transit is to create an opportunity for Whitfield County to provide transit services for the community to improve access to any countywide location (ex. business, commercial, activity centers).

## Goals

- To maintain an effective and efficient network of transportation services available to the public
- To extend our services throughout the county by advertising to ensure that persons needing the service are aware and are able to use the service
- To grow and generate revenues through the farebox, which will cut budget and allow for growth

## **FY2009 BUDGET, CAPITAL FUND NARRATIVE**

### **Plans have been pushed out to future years.**

The FY2009 Budget includes a FIVE-YEAR plan for capital expenditures.

This Narrative is keyed to the capital spreadsheets in the next section. If more information is needed about a specific project or proposal, please send your questions to the County Administrator.

### **Building & Grounds**

1. Building Infrastructure Upgrades. The County has an inventory of 47± buildings. It is important to have a continuing maintenance program to repair or replace essential equipment such as heating and air conditioning, roof treatments and other upkeep work. The reinvestment program will fund the work. Part of this capital line will be for major, unscheduled repair work.
2. Building & Grounds Relocation and Consolidation. Currently, the Building & Grounds Department has workbenches, storage and offices in four, geographically separated buildings and sheds. The current situation is inefficient, costly and lacks adequate security. The proposal is to consolidate the Department in one, 30,000 sq. ft. facility, with loading docks, truck and equipment parking areas surrounded by a security fence. Hopefully, the sale of the three existing properties will partially offset the cost of relocating to an available commercial property in the Dalton area. **Action on this project has been pushed to future years.**
3. Administration Building #1 & #2, Structural Evaluation & Engineering. Admin. Building #2 was acquired for slightly more than the land cost. The building needs significant upgrades to weatherize the structure, make it handicapped accessible, redo bathrooms and plumbing, elevators, energy efficient lighting, etc. Step 1 will be to get an architectural and engineering assessment and determine the cost of modernizing the building. Admin. Building #1 will also be included in the assessment.

It may be more cost effective to replace Building #2 with a structure that utilizes all the land area, significantly increasing the available square footage and perhaps consolidates offices currently in Administration Building #1 and services such as Building & Zoning. The consolidation will help in creating a "ONE STOP SHOP" for permitting. Part of the project funding could come from the sale of the vacated buildings and properties. (2009-2010) **For future years, essential repairs and maintenance are in this budget – other action pushed to future.**

4. Remodel Old Section of Courthouse.
  - a. Relocation of Tax Assessor's Office. The Assessor has requested to relocate to the break room area.
  - b. Remodel Large Courtroom. With the caseload expanding, it is expected that an additional Superior Court Judge will be authorized within the five-year time frame. Existing office space behind the old courtroom will be remodeled. (2011-2012)

### **Correctional Facility Expansion**

It is difficult to predict when it will be necessary to add space for Corrections and also difficult to know the type of facility needed. Perhaps the expansion will be a dormitory for work release inmates, open-bay confinement areas or the more traditional design currently being used. The project is added as a financial placeholder. (2012-2013)

### **Emergency Communications—E911 & Emergency Management**

1. Dispatch Console and Software Upgrade. This project is currently ongoing. The outfitting with new equipment and software will significantly upgraded operations to include the capability to locate mobile units (cell phones).
2. Addressing Project. This year a consultant completed work to define the problems with street naming and building numbering (addressing). The final results will improve dispatch of emergency vehicles, and provide precise locations for the GIS system, County records, postal service, utility operations and private sector functions. The address changes will start at the beginning of FY2009 and continue for three to four months. This project should be completed in 2009.
3. Emergency Center Expansion, Electrical Grounding of Building & Equipment. The facility operations and staffing have grown. The building lacks the square footage to provide offices, work areas, storage and equipment operation. Expanding this facility by extending the front wall is the current proposal. Recently, an evaluation of the 'grounding system' was completed. A significant upgrade is needed to protect employees, equipment and ensure the public safety operations will not be interrupted during the next emergency. **Project being pushed to future.**
4. Dispatch Software. The software selection was completed in 2008 and will be in place in early 2009.
5. Communication Antenna and Communications Network Evaluation. The current broadcast system has limitations that need to be evaluated. It will always be difficult to have highly reliable communications that cover all geographic areas

over the mountain tops and down into the valleys. A technical evaluation will determine whether the aging systems are broadcasting at their design specifications and whether new equipment could provide higher reliability for emergency responders. Funds are projected to make upgrades. (2011-2013)

## **Fire Department**

New Fire Stations and Headquarters. The most recent ISO Rating for Whitfield County pointed to several fire service improvements. At the north end of the county, there are areas more than five miles from a station. By building a station at the north end the ISO rating for structures will change from Class 9 to 5. This lower rating will result in much lower insurance premiums for homeowners and commercial establishments. In addition, there are a few new subdivisions at the north end that will increase demand for service.

1. Fire Station #11 (2011)
2. Fire Station Headquarters (2012)
3. Fire Station #12 (2013)
4. Fire Training Tower. The Training Tower is to be used for a better training environment. (2011)
5. Fire Truck Replacement Program. In recent years, the County has been without a regular schedule to replace fire equipment, pumpers and other response units. The replacement schedule proposes to replace one unit each year. The trucks respond to fire and medical emergency calls. **2009 fire trucks have been pushed out to future.**

## **Green Space, Historic Preservation & Conservation Easements**

According to the U.S. Park Service, Whitfield County has the largest intact collection of Civil War defenses in the nation. The Whitfield County Commission has a strong interest in protecting these sites in addition to protecting its natural resources and undeveloped areas. Also, the upcoming Sesquicentennial celebration puts special emphasis on having historic sites available to visit and celebrate. Working with the Historic Preservation Commissions, Civil War Commission, Civil War Preservation Trust, the Georgia Battlefields Association, the Civil War Round Table and other groups, Whitfield County plans to continue its efforts at preservation and improvement of sites by acquiring more land, establishing and improving trailheads in addition to funding interpretative sites. (2008-2011)

## **Information Technology (IT)**

In past years, the funding of an IT Strategy has fallen behind the investments in public safety and the judicial system. To provide the best support for public safety, the judicial system and other aspects of county government, a strong IT investment strategy is essential.

The planned schedule has been pushed to future years except for these ongoing projects: kronos, online job application project, and a server for the Tax Assessors office. Also we will start 3 critical new projects: disaster recovery, storage, and a data center rewiring.

The value of the IT inventory is \$2.674M. Because of constant improvements in 'operating systems' and software programs, computers need increased processing and storage power. Beyond the specific new programs discussed above, each year it is important to have a program to replace aging hardware and software computer systems. (2009-2012)

## **Parks**

The County has a relatively small inventory of parklands available for public use. With an expanding population and more demands for recreation, the Commissioners have an interest in increasing the investment in park assets.

1. Edwards Park completed in 2008.
2. P&R Master Plan completed in 2008.
3. Acquire New Park Lands. There aren't sufficient parklands available to meet current and future needs. Certain areas of the County have very few park assets. This financial plan will provide funding for the acquisition of additional property, facilitate the design and engineering work required to construct facilities, and appropriate monies to build the infrastructure. (2011-2013)
4. Westside Park construction. (2009-2010)
5. Beneficial reuse of landfill. (2010-2013)

## **Public Works**

Public Works-Road Improvements. Recently, a tax referendum for transportation (SPLOST) was passed that will fund road projects in excess of \$45M over the next 3-4 years. The projects will improve traffic safety and congestion in the towns and unincorporated areas. The SPLOST budgeting is covered in a separate account.

1. Road Upgrades, Maintenance. Both at the State and local road projects have been under-funded for many years. More monies need to be earmarked for road maintenance and improvements. Without regular maintenance, the road system will get more costly to repair and resurface. In the coming years, more investment is programmed into the maintenance, upgrade and repair of roads. Part of the planning is to take advantage of the LARP Program. (2009-2013)
2. Special Road Projects. The second part of the program will infuse extra dollars into “catch-up” road repair over the next three years.
3. Guard Rails, ancillary work. The third part of the program will fund road safety items such as guard rails.

### **Service Centers**

This new proposal is to help meet the service needs of a growing population. The creation of ‘County Service Centers’ with several services within one building will establish a linkage between residential and commerce centers. County services such as a Sheriff’s substation, paramedic substation, branch library, indoor recreation, meeting rooms, etc will match current and future requirements. These Centers can be located at the crossroads of the County where it is easy for residents to walk, bike or drive. In addition, these Centers will facilitate the quick dispatch of county services. (2012-2013)

### **Vehicle & Motorized Equipment Replacement Program**

The County has an extremely large fleet of vehicles in its public safety, judicial, public works and administrative departments. There has not been a program to regularly replace high mileage and high operating-hour equipment. The result has been a considerable amount of expensive and unscheduled engine replacements, problems with structural integrity, drive system repairs, etc. It is important to set aside monies to fund a regular replacement program, with priorities given to high mileage, operational inefficiency and repair costs. **2009 reduced to emergency replacement only.** (2009-2013)
