

Family Frameworks

Family Frameworks would like to congratulate you on your decision to marry. In making this life long commitment we know that you want to make it a happy marriage. In studying what makes a happy marriage we have found that premarital education is a key factor that helps.

Below are listed the names of individuals we know that offer quality education. We encourage you to choose from one of these methods before you actually marry. The Magistrate Judges and Probate Judge are also in support of premarital education. If you desire to have one of the local Magistrate Judges or Probate Judge marry you, they will ask that you go through a premarital education course to ensure that they are giving you a quality service. You will need to make arrangements for the education. There is a charge for the services that will be rendered according to each individual educator's choice. A certificate for the couple attending will be given at the end of the workshop or sessions. If you choose another source of premarital education other than those listed below, the judges will ask that the education include: Conflict Resolution, Communication, Parental Responsibilities, and Financial Responsibilities. We will be glad to speak with your educator to see that he is teaching the above information. Please note that this is voluntary for the judges to marry you and it is your choice to follow their recommendation.

Congratulations and Best Wishes!
Family Frameworks

Description of course offered:

Secrets to Lasting Love: Teaches healthy marriage relationship enhancement skills to premarital or married couples. This hands on, activity based course helps couples build skills such as showing understanding, discussions skills, expression skills and much more. By the end of the course, couples will learn how to put and keep honesty, compassion, understanding, and trust in their relationship.

For more information about the above education please call 706-313-0023
